

# QUALIFICATION ASSESSMENT

---

Use this form to request an assessment of your overseas engineering qualifications.

## How we assess

We'll assess if your qualifications are accredited to an international standard – [Washington, Sydney or Dublin Accord](#)

If your qualifications are not Accord-accredited, we'll assess if you have a qualification, registration or assessment outcome that we recognise as equivalent. This is possible through our mutual agreements with overseas engineering organisations.

## What you get

If your qualifications are recognised, we'll provide you with an assessment outcome letter. We'll tailor it to meet your assessment purpose.

If we can't recognise your qualifications and your assessment is for Immigration New Zealand, you can choose to complete an equivalent knowledge assessment. [Find out more](#)

## What it costs

It's free if you're a [member of Engineering New Zealand](#)

For non-members or Student Members the fee is NZD \$220.49 including GST. We'll email you an invoice for the fee. You can pay by credit card or bank transfer via a link on the invoice.

## When we'll get back to you

We'll process your assessment within 7 to 10 business days.

## How we'll use your information

Engineering New Zealand is subject to the Privacy Act. We'll only collect, use, store and disclose your information in accordance with that Act. You can request correction of your personal information at any time. You can also get in touch with us if you have any questions about how we'll use your information.
